LEGISLATIVE DERBY BECOMES INTERESTING; 11 ENTRANTS IN RACE

Nine Republicans and Two
Democrats Seek Seats
at Springfield.

One of the most interesting races for legislative seats at Springfield is now in progress in the eighth district. A total of eleven candidates is going to make the result of the primary on April 10, a matter of extreme conjecture, even to the oldest prognosticators in the district, for no one has been found who will dare to pick the winners in advance of the actual count of the ballots.

Lake county, most populous unit of the three-county district, is the battle ground, for candidates from McHenry and Boone counties have always counted on Lake county votes to put them over in the winning column. This is explained readily by a comparison of population figures. Lake county has nearly 70,000, McHenry county about 35,000 and 'Little Boone' around 15,000. During the political career of the late William F. Weiss, other candidates were always welcome to come over into Lake county and grab off what ever support they were able to get, as Mr. Weiss always had enough votes to elect him and thousands to spare.

This year it is different. Lake county is furnishing four Republican aspirants for the legislature.

Perhaps the best known of the quartet is Lee McDonough, Waukegan plumber and former Lake county treasurer, having served in the latter office from 1914 to 1918. McDonough's large acquaintances and reputation for honesty and square dealing gives him an advantage that is going to be hard to overcome.

Another candidate for legislative honors who is quite well known in Lake and McHenry counties, is Richard J. Lyons. Mr. Lyons proclaims to the world on placards and in his newspaper advertising that a vote for him means representation. Dick was Lake county's first licensed boxing promoter. He lives at Mundelein and is a real estate operator.

Jens A. Jensen, Waukegan, another aspirant, announces that "a vote for Jens will be a vote for more economic state funds at Springfield," as his claim for preferment at the polls on April 10.

Charles Noll, capable young attorney of Waukegan, is the fourth candidate to enter the legislative derby from Lake county.

Two Democratic hats are also found in the ring among lids of the Republican entrants. Charles Wightman, of Grayslake, who tried for the office once before, is again a candidate this year. Mr. Wightman is an insurance agent.

Thomas Graham, of Long Lake, is the other Democratic aspirant. Graham has served as representative, and this year, on account of the great number of republican candidates, his friends see a chance to return him to Springfield.

Two Seek Senatorship

Rodney B. Swift, incumbent, and Ray Paddock, candidates for the Republican nomination for state senator.

Daily Sun Issues a Dedication Number

The Waukegan Daily Sun issued a Dedication number last week of 150 copies, celebrating the moving of the plant into its new home, a beautiful structure, recently completed.

Editors Smith have been at the helm of the Sun since 1906 and have seen it grow from a small town daily to its present point of vantage and prestige. One of the modern presses just installed is capable of printing 36,000 papers per hour.

MRS. HOCKNEY SPRAINS KNEE IN FALL NEAR HOME

Mrs. George Hockney received a painful injury one night last week as she was returning home from the Royal Neighbor's party, when she fell on a large stone placed at the intersection of Lake and Spafford streets. Mrs. Hockney didn't realize just how badly she was injured until the next day a doctor was called and announced that she had sprained her knee. While the injury has been very painful, she is resting as well as can be expected.

A house belonging to a family by the name of Schmele near Grass Lake was completely destroyed by fire last night about ten o'clock. The Antioch Fire Department answered the call but the lack of water prevented them saving the structure. The family saved most of their furniture.

McHenry Mayor Hurt In Auto Accident

Mayor William Frett of McHenry received minor injuries Saturday night when his car collided with a Chicago-Milwaukee motor bus on the Green Bay road. Mayor Frett is a candidate for representative in the eighth senatorial district and was on his way to attend the testimonial dinner to William J. Stratton and the Republican Rally held at the high school gymnasium.

The accident occurred at the intersection of Green Bay road with Belvidere street. Mayor Frett's car was thrown from the road and turned on its side, resulting in a severe shaking and a back injury for the mayor, while Rudolph Johnson who was with him sustained an arm injury. The occupants of the bus were not hurt other than a few bruises. The bus was going at a rapid rate and if Mayor Frett had not had presence of mind to turn his car in the same direction that the bus was traveling they would have been hit directly in center and the result would undoubtedly have been more serious.

MAJORITY VOTE AT ELECTION ASSURES LIBRARY FOR ANTOCH

Established Six Years Ago
By Woman's Club, 3,000
Volumes In Use.

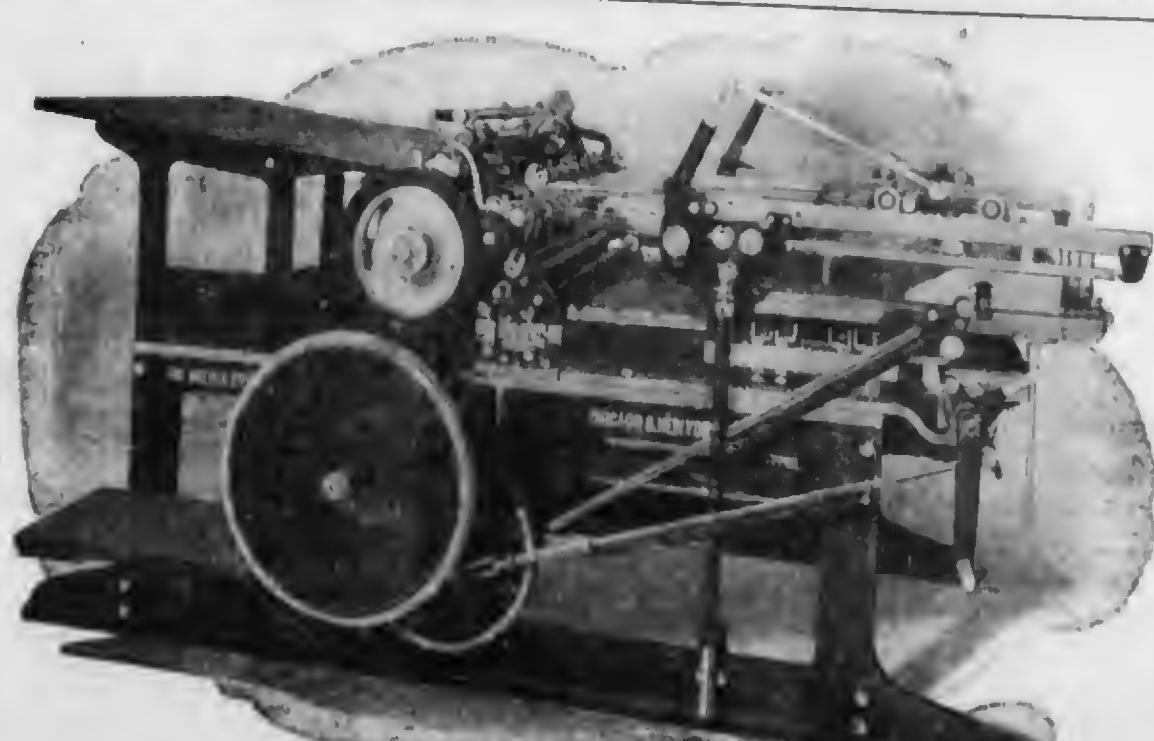

The special election held last Thursday on the levying of a tax of nine-tenths of one mill for the purpose of establishing and maintaining a public library was carried by the large majority of 90 over 17. The election board consisted of six women who donated their services in order that the election could be carried on with a minimum of expense to the village.

The present library in Antioch was established about six years ago by the local Woman's Club. From the beginning it has been popular with the young people and adults who are numbered among its patrons. Each year the club has added many volumes to the library and at this time there are 3000 books with a circulation of two hundred books every week. A competent librarian has been in charge for the last two years. Before she was secured all of the work was done by volunteer service from different members. Much care is given to the selection of the books, the choice usually being from lists prepared by the Association of Librarians. Last week's cards from the library showed that there were seventy-eight books in Antioch homes.

At the annual village election the voters will be asked to vote for a Library Board of six members: two to be elected for one year, two for two years, and two for three years. Hereafter at each annual election two members will be elected to take the place of those retiring.

It will be impossible to levy and collect this tax before the spring of 1929 so the Woman's Club expects to carry on the work during the coming year as usual.

ANTIOCH NEWS INSTALLS MODERN PRINTING PRESS

The Antioch News last week installed a new Miehle printing press, a complete printing unit, powered with a Kimball variable-speed motor. This is the most modern printing press built, as the Miehle is universally considered the most efficient type faces, and is better equipped of high grade printing. The Antioch large and ever increasing volume of news plant now has five presses, two printing business and to make good cylinders and three jobbers, plates on the slogan, "No job too small—and automatic. No. 8 Linotype, new none too large."

THREE VACANCIES TO BE FILLED AT TOWN ELECTION

Richards, Dunn and Gelstrup Have Held Office for Many Years.

It looks like very smooth sailing for the three candidates for Antioch township offices that are to be elected on Tuesday, April 3, the three incumbents, Chas F. Richards, clerk; Frank Dunn, highway commissioner; and Harold Gelstrup, assessor, being candidates for re-election, each with opposition. All three have held their respective offices for many years, and the fact that they will appear on the ticket without opposition is a splendid endorsement of their records as public officials.

The election of the officers above named and the annual town meeting to be held at the village hall at 1:30 in the afternoon of election day is the only town business to come before the voters here on April 3.

Naber Elected Last

Supervisor B. F. Naber was the sole candidate at the election last year. In 1929 there will be five to elect—two constables, two justices of the peace and one supervisor.

TWELVE SUMMER HOMES LOOTED AT PETITE LAKE

Sixty-two summer homes, property of wealthy Chicagoans were looted last week at Petite Lake, near Lake Villa. George Bellock, a contractor who lives on the lake first discovered that thieves had looted the homes and notified the owners who came out to make an inventory of their losses. It was found that several valuable shot-guns, a radio, hunting dogs and supplies had been taken and that the losses would run high. It is the impression of Sheriff Lawrence Doolittle that the goods were carried away in a large car or truck. The homes were not of the cottage type, but it is believed that the looters were acquainted with the wealth of the owners.

TIFFANY AND WEBB FOR COMMITTEEMEN

A. N. Tiffany and Chase Webb are the candidates for precinct committeemen on the Lake County Republican central committee to be voted on primary day, April 10. Mr. Tiffany is the candidate from Antioch precinct 1 and Mr. Webb will represent his party's interests in precinct 2. Both are holding office as committeemen and both have been prominent for years in politics, both local and county.

IRATE PROPERTY OWNERS STOP STREET SURVEY HERE MONDAY

Village Officials Seek Legal
Advice—Will Continue
Work, They Say.

Surveying operations for Antioch's new streets came to a sudden halt Monday when irate east side property owners ordered Engineer Todson from their premises. Mr. Todson, of the Central Engineering company of Elgin, and engineer for Antioch, had been employed by the village council to make surveys for the proposed new street, a project that became a live issue several months ago when the village board sought ways and means to bring the Public Service gas lines into the town without the necessity of tearing out the Main street paving. Additional streets, which have been needed for many years to relieve the north and south traffic, was thought to be the solution.

Committees working on the projects were unable to come to any satisfactory agreement, because, for one thing, the exact lines for the streets had never been marked out. Hence, the survey at the instance of the village board in order that there might be something tangible to work on.

Surveyor Todson left the job when he was ordered from certain property here Monday, and now Mayor Pollock and board members are awaiting legal advice from the village attorney. No doubt Todson will be back on the job soon, and property owners who wish him ejected from their premises will have to cause his arrest, it is said.

The survey on the west side for a street to connect Orchard and Lake streets has been completed. As proposed the street will cross the village property near the water tower and come into Lake street at the Victoria street intersection.

Fire Dept. Asks That Farmers Bring Water to Fires at Neighbors

The Antioch Volunteer Fire Department in sending out a plea to the farmers of this vicinity that in case of a fire at a neighbor where they are called to assist, that they bring all the water they can carry in buckets or pails. In many instances the bringing of water to the scene of a fire in the country will save the burning building, because the Fire Department cannot carry sufficient water to heat very long.

SMALL FIRE ON FOX LAKE ROAD WHEN MOTOR BURNS

The motor that runs the air compressor for the L. E. Meyers Construction Company, caught fire about ten o'clock Tuesday night and burned the building that housed it and slightly damaged the motor. This motor was mounted on the chassis of a truck and protected from the elements by a small wooden house. The Antioch Fire Department answered the call and quickly extinguished the flames.

QUIETNESS REIGNS IN LOCAL POLITICS

Candidates not Coming to
Front for Village
Offices.

Not the least important of the many elections to be held in April is the village election on Tuesday, April 17, when five village officers are to be elected and at least two propositions involving questions of local importance are to come before the voters.

Three trustees are to be elected this year, also village treasurer and village clerk. Trustees whose terms expire are E. O. Hawkins, Roy L. Murrie and H. J. Vos, the latter having been elected last year for a one year term to fill the vacancy caused by the resignation of S. E. Pollock who relinquished his job as trustee to become a candidate for president.

Isaacs to Be Candidate

The term of Harry A. Isaacs, veteran village clerk, also expires this spring, and he will be a candidate for re-election, he stated to friends here this week. There is also to be a vacancy in the treasurer's office, which was held the past year by W. F. Ziegler. Treasurers are by law limited to one term.

It is not known who are to be candidates for trustees and treasurer, and inquiry has failed to bring forth any information, however one incumbent has expressed his desire to be relieved of his duties of trustee at the expiration of his present term.

Daylight Saving Up Again?

The daylight saving proposition may be placed before the voters at the regular village election. It was announced by Mayor Pollock yesterday.

Another set of office holders also are to be elected, six trustees for the library board. The tax levy for maintaining a free public library was voted recently and the plan calls for a governing board of six members.

NICK KAUTE, 81 OF SALEM HANGS SELF AT HOME OF SON

Aged Man Attempted To
Take Life Two Years
Ago.

Nick Kaute, aged 81 years, went to the barn on the farm of his son near Salem Monday, tied a bay rope around his neck and strangled himself to death. When the son discovered the body of his father he hastily summoned Dr. Beebe of this city who pronounced that life was extinct.

Two years ago Mr. Kaute attempted to take his life by slashing his wrists with a pocket knife. His son saved his life by quick work in stopping the flow of the blood.

Emmerson, Carlstrom and Glenn are Also Guests

HIGH TRIBUTE TO STRATTON

Over six hundred persons were in attendance at the testimonial dinner tendered to William J. Stratton, Lake county man, who is candidate for secretary of state, and over a thousand were present at the Republican rally which followed at the Waukegan high school given last Saturday evening. Many political leaders from the northern counties were gathered to hear the speaking by Louis Emmerson, candidate for governor, Oscar Carlstrom, candidate for re-election to the office of attorney general, and Otis F. Glenn, senatorial candidate.

The political demonstration was one never before equalled in the history of Lake county. It indicated beyond the shadow of a doubt that Lake county is through tolerating the corrupt and most disgraceful government in Illinois of the Governor Len Small-Mayor Thompson machine. Deafening applause greeted the attacks made by the various speakers on the state administration.

State's Attorney A. V. Smith, who gained the title of the fearless prosecutor of Lake county when he prosecuted Len Small a few years back, was toastmaster and in introducing the various speakers he stated briefly why each and every one of them should be nominated on April 10.

Hit Small State

Emmerson, Carlstrom and Glenn assailed Governor Small, "Big Bill" Thompson and Col. Frank L. Smith bitterly, telling the gathering that they had brought shame and disgrace to the Republican party. They said that large crowds have greeted them in all parts of the state and that a "house cleaning" is to be made in Illinois, the state which has produced such great leaders as Lincoln, Logan and Grant. On April 10, Stratton told of being double crossed by Gov. Small.

Attorney Otis F. Glenn, candidate for United States senator against Col. Frank L. Smith, declared Saturday night at the Republican political rally in Waukegan that the vacancy in the senate since December of 1926 will exist if Smith should again be elected. He charged that there is a plot to get Mayor William Hale "Big Bill" Thompson of Chicago into this body.

"Col. Smith is only being used as a tool in this election," said Attorney Glenn. "If elected he could not be seated and this is known by Governor Small and Mayor Thompson. Bill Thompson wants the senate job and wants it badly. If Small is elected his little ambitions will be realized, for after Smith is rejected for the third time, Small will appoint him to the vacancy."

Predicts Battle of "Bull Run"

"The people are wise to Len and Big Bill. I predict that on April 10 it will be the third battle of Bull Run for the Small-Thompson machine."

High Tributes for Stratton

High tributes were paid to William J. "Bill" Stratton, Secretary of State Emmerson, Attorney General Carlstrom, Attorney Otis Glenn and State's Attorney Smith were joined in their praise of the Lake county man who is a candidate for the office of secretary of state.

When Stratton stepped up on the platform after a lengthy introduction by State's Attorney Smith, the large crowd went wild, literally speaking, giving him a reception which he will long remember. It was several minutes before the applause and shouting died down and then only at a signal from "Bill."

Stratton Speaks

Stratton was visibly affected by the demonstration of the crowd and by the manner he was lauded by the various speakers. He told of being double crossed by Governor Len Small and the promises made to him if he would remain in the ranks of the chief executive. He asked the Lake county people that when they put across before his name on April 10 to be sure and do the same thing for Emmerson, Carlstrom and Glenn. "No words of mine can express my gratitude for the manner you people have honored me tonight, but I want (Continued on page eight)

GOOD MANNERS IN

EVERYDAY LIFE

How often many of us unconsciously betray to our friends, casual acquaintances, and intimate family our lack of training by some little mannerism of which we are entirely unconscious.

From babyhood well-bred and nicely mannered people are trained to be "perfect gentlemen" or "perfect ladies." But in this busy, hurried age how often we neglect the little formalities that stamp us as to breeding and rearing. Each of us knows that "thank you" and "if you please" are two phases that are so easy to say and yet so often neglected. What world of difference they make when freely used.

We all know that to drink from a cup or glass with a spoon left in it is the height of ill-manners at the table, but do you always place your fork and knife side by side on your plate when finished eating? If little gestures of manners are not practiced in everyday life they will be forgotten or clumsily executed in public. The exception to one rule is the folding of the napkin. At home where the napkin must be used more than once, it should be folded and neatly placed beside the plate while it dries in public or at the home of a friend, lay the napkin unfolded by the side of the plate.

While many of us have excellent table manners yet we fall short in other ways. When we are introducing friends we must always present the gentleman to the lady or a younger person of one sex to the older of the same sex. Thus, if introducing a man to a lady we say "Mrs. So and So. I would like to present Mr. Blank." Husband should say to his wife, "My dear I want you to meet Mr. Blank." never say, "This is the wife." A wife should say in introducing her husband to a lady friend, "Mrs. So and So I would like for you to meet my husband." When introducing an older woman to a younger one say to the oldest, "Mrs. So and So. I would like for you to meet my friend, Miss Blank." The one who is receiving the introduction extends the hand and says "How do you do," but never, "I'm glad to meet you." You may as well say, I am from the back woods."

In the olden days the young lady that would not rise from her seat when an older woman spoke to her, or was introduced, was called "brainless," today she is "stupid." Gentlemen who do not rise from their chairs when a lady enters the room or falls to doff their hats in public are rude beyond all question of a doubt.

Customs in different sections of a country vary as they do in different countries. In Italy they use toothpicks freely after meals, even the smartest of people, while in this country except in the privacy of your own room. In some foreign countries a gentleman asks to be presented to people he does not know, while here he must wait until some one he knows offers to introduce him. In this country a lady bows first to a male acquaintance at a public meeting, while in Europe the opposite is the correct form.

How astonished we are in this burned, bustling age if some one steps aside and lets us enter a public conveyance first, yet it will stamp them as people of gentle breeding. Why do we not practice this our selves in a mystery which may be explained by selfishness.

What is your impression when you see two people of the opposite sex walking in public with their arms linked? It is much like seeing a couple sparring by the roadside. Both things are only not practiced by well-bred people but confined upon as put down on the last under the most term of rough needs. Public display of affection is both ill mannered and highly offensive to gentle people.

Custom controls our lives and even if we think we can break certain rules we find sooner or later we must pay the piper if we don't dance. Many years ago when the world looked on every hand the gentleman was constantly on guard for milady and placed himself between her and danger. Today this custom is reflected in the gentleman always walking next to the earth when with a lady.

Custom controls most every act of our life and failure to live up to the standard brands us as crude while those of gentle manners are referred to as one who is gentle bred. This recalls an old saying, "It takes five generations to perfect a gentleman but one silly woman can make him a rough-neck" this is more true than we like to admit. We know women set the standards of manners in a household, and her sons and daughters are as a rule the product of her efforts.

FASHION NOTES

Blouses are beginning to be shown by the smartest houses and in everything that pertains to fashion from evening frocks to tweed suits. We had a hint of the resurgence of navy blue last spring. It was very smart and had a distinct look of newness after so many sprays of browns and greens. It will be even smarter this spring, and much more worn. But this new fancy for blue doesn't stop the darker shades, by any means. Pale, pale blue is extremely good and all tones between the faintest steel blue and the deepest midnight are being given attention by almost all the courtesies here and abroad.

Velvet Yokes

Whether or not a woman wears the yoke of matrimony she is extremely likely to wear the yoke of velvet. Heretofore yokes usually have been of the same material as the dress. Now velvet yokes are made for voile or light crepe de chine dresses.

Velvet Slippers

Following in the wake of the colored satin slippers, there are now to be had fascinating evening slippers of velvet in all the high shades.

For Evening Wear

A feeling of serene self-confidence pervades the woman who appears in the evening clad in a frock of pale pink satin, untrimmed, and matched by a cape of black velvet lined with the same satin.

Moire Frock for Dancing

A fascinating frock for dinner or dance, made of gold-colored moire, boasts of a huge bow of the same material at one hip. It is delightfully crisp looking.

A June Bride asked her husband to copy the radio recipe one morning. The husband did his best but got two stations at once. One was broadcast in the morning exercises and the other the recipe. This is what he got:

"Hands on hips, place one cup of flour on the shoulders, rise knees and depress toes and wash thoroughly in one-half cup of milk. In four counts raise and lower the legs and mash two hard boiled eggs in a sieve. Repeat six times. Inhalate one-half teaspoonful of baking powder and one cup of flour. Breathe naturally and ex-hale and rest."

"Attention! Jump to a squatting position and bend white of egg backward and forward overhead and in four counts make a stiff dough that will stretch at the waist. Lie flat on the floor and roll into a marble the size of a walnut. Hold to a standstill and beat in water but no not boil into a gallop afterwards. In ten minutes run it from the fire and dry with a towel. Breathe naturally and dress in warm flannels and serve with fish soup. Selected."

CIVILIZATION'S NEEDED

IT IS SO SUGGESTED that civilization is working step by step toward self-opening can. By the increasing prevalence of cans and patiently sealed jars that defy even the strongest and sturdiest. It might be said that civilization is steadily working away from ones capable of being opened but there can be no doubt that the country needs a self-opening can worse than it needs a good fluorescent cigar."—Providence Journal.

THIS WEEK WE HAVE A BUTTERFLY TO ANNOUNCE

Last week we reported the appear ance of robins in this community, and this week we announce the first butterfly brought in by little Miss Evelyn and Lillian Larsen, daugh ters of Mr. and Mrs. Chris Larsen. They brought the prize into the News office proudly proclaiming that their Dad had caught it near their home. It was a beautiful specimen of the butterfly family black velvet wings with vivid orange and yellow markings and a wing spread of nearly three inches. Spring was officially announced yesterday but mere figures on a calendar mean nothing until these little harbingers appear to give us tangible evidence that it is actually here.

WILMOT PIRATES ARE DEFEATED BY THE OLSON FOOD TEAM

The Good Citizens League Enjoy St. Patrick's Party at Gymnasium

The Pirates were defeated in the State Tournament Friday afternoon by the Olson Foods of Madison, the best team in the state. It was generally conceded by the officials that the Wilmot team was the second best in the tournament. The members of the local team are now planning ahead for next year's games and tournament entries.

Primary School Notes

The Good Citizens' League enjoyed a St. Patrick's party and box social in the gym Friday afternoon. Being leap year, the boys brought the boxes and the girls bought them. The funds are to pay for the two pages that will be published in the Echo about the Primary Department. As there were more boys than girls Messrs. Kruckman, Buckley and Higgins were little girls and bought boxes. A real live game preceded the sale of the boxes.

Anna, Nick, William and Joe Schunk have entered the Primary room. The Schunk family came from Russell and will live in the Hegeman house recently vacated by the Schucks family.

Mrs. James Owen entertained the members of the Royal Neighbors on Tuesday afternoon. Last Thursday afternoon she was hostess to the M. E. Ladies Aid.

Mr. and Mrs. Alfred Reynolds were guests Sunday of Mr. and Mrs. W. Peterson of Kenosha.

Mr. and Mrs. T. Bogda, Jr., and family of Edison Park and Mr. and Mrs. W. Kline were entertained on Sunday by Mr. and Mrs. John Sutcliffe. Mr. Kline is head man of the Premier Rose gardens.

John Sutcliffe spent Wednesday in Chicago. Grace Sutcliffe, who has been home from Chicago the past week because of illness, returned with her father.

Mr. and Mrs. Earle Darby and children of Grayslake, were Sunday guests of Dr. and Mrs. Darby.

Mr. and Mrs. C. Lester and daughter and Mrs. Clark of Spring Prairie spent Sunday with Mr. and Mrs. R. C. Shottliff. E. Kennedy of Trevor is staying for several days with the Shottliffs.

Union Free High School Notes

Primed to a high degree of efficiency over their well earned win over the Kenosha lightweights Friday evening, the members of the high school basketball team are set to play their opening game of the Waterford tournament with the Walworth team on Thursday afternoon. Little is known of the strength of the Walworth aggregation, but it is expected that they will be a worthy foe.

Shoeld Wilmot win this fracas they will be paired with the winner of the Waterford-Union Grove game Friday evening.

Undoubtedly lack of size will prove a big handicap to the local boys, but they hope to offset this with speed and smart basket ball. It was the steady game of Geo. Richter, coupled with some deadly shooting by Chet Runyan, that spelled defeat for Kenosha last week. Another player who is showing much improved brand of ball is Roy Madden. The men who will represent Wilmot in the tournament are: Blos, Hutton, Captain Memier, Roy Madden, George Hiltner, Runyan and Schreck.

Seniors held meetings last week to select commencement invitations, mottos and the class flower. Work will commence very shortly on the class play, which will be under the direction of Mr. Welgel.

TINIEST MOTOR MADE LIKE JEWEL

The smallest electric motor ever built has recently been completed. It is one-third of an inch high, weighs about a quarter of an ounce, and develops 400 revolutions a minute, according to Scientific American.

This Lilliputian machine, which stands as tall as a housefly, is made of gold, silver and iron, and consists of 58 parts, most of which were made with the use of a jeweler's magnifying glass. Drills for the tiny screw-holes were made from small darning needles. Fourteen carat gold was used for the binding posts, pulleys, brush-holders and yoke; silver for the armature and field-pieces.

The motor, with the machinery which it runs, is mounted on a block one and a half by two and a half inches in size, and the belt used is a number 60 cotton thread. The "machinery" consists of two wheels geared together, the larger about the size of a nickel, and the motor pulley makes 40 revolutions to each revolution of this wheel.

Pastor Weds Couple Who Are 1,500 Miles Distant

Miss Lois McCullay and Archel Gruening, both students at the Kansas State Teachers College at Hays, Kansas, were married recently by the Rev. H. Sweetland, pastor of the Methodist church at Hays. Back of this simple announcement is the in-

teresting fact that the clergyman who married the young couple was not in Hays at the time but, in fact, was about 1,500 miles away.

He had been called to San Francisco, Cal. The young couple did not care to be married by any other pastor, nor would they consent to postpone the ceremony. The problem was finally solved by arranging to have the minister marry the young people from San Francisco, and this he did by means of the long distance telephone.

WHY THE OTHER FIVE?

Editorially speaking, the Waukegan Sun enumerates six reasons why Lake County is appreciative of Len Small, the third reason being that W. J. Smith (one of the owners of the Sun) was appointed member of the Illinois Commerce Commission by Len. Apparently this one reason is enough for the Sun to swing its support to a man who seeks one man control of Illinois politics by asking for a third term as governor, to say nothing of the \$2,000,000 he is charged with stealing from Illinois taxpayers. For this crime Len Small was tried in Lake county, in Waukegan, and since that time Oscar Carlstrom has forced the governor to pay back approximately \$600,000 of the \$2,000,000 he still owes the state.

NOTICE IS HEREBY GIVEN That on Tuesday the seventeenth day of April 1928 at the Village hall in the Village of Antioch in the County of Lake and State of Illinois, an election will be held for the following:

The Village Trustees (full term)

One Village Clerk

One Village Treasurer

which election will be open at 7:00 o'clock in the morning, and will continue open until 5:00 o'clock in the afternoon of the same day.

Given under my hand at the Village of Antioch the twentieth day of March A. D. 1928.

April second last day for filing petitions.

The Man for the Job

CHARLES NOLL

FOR

Representative

Eighth District

Primaries, April 10th

What the Office Demands

The office of State Representative is first of all a lawmaker's job. And law-making demands an understanding of law that can be gained only by legal knowledge and experience.

More than this, your State Representative must know the needs of the Eighth District and be able to secure beneficial legislation. He must be capable, upright, honest and fair to all legitimate interests in the District.

Noll's Qualifications

Charles Noll is a lawyer and member of the Lake County Bar Association. For four and one half years he was a successful teacher of history and civil government in the Waukegan Township High School, resigning in 1925 to enter business. During the World War he enlisted in the U. S. Navy at the Great Lakes Naval Training Station and was in action service at the signing of the Armistice.

Mr. Noll was born on a farm in 1890. Practically unaided he completed a four year college course and later finished three years of law work. He is married, has two children and resides in Waukegan.

His Policies

If elected Charles Noll promises to serve the best interests of the Eighth District in the same whole-hearted manner that has characterized his services to the community and country in the past. He stands for honest economical and efficient administration of state and local government; for law enforcement, better citizenship and a square deal for all legitimate interests.

Social and Business Affiliations

Mr. Noll is a Shriner, Medina Temple; Thirty-second degree Mason, a member of the Lutheran Church, Knights of Pythias, Benevolent and Protective Order of Elks, University Club, Chamber of Commerce, Lake County Bar Association and American Legion.

WOMAN'S CLUB MEETS
WITH MRS. SOMERVILLE

About thirty members of the Woman's club and several guests were delightfully entertained Monday afternoon at the home of Mrs. T. A. Somerville.

Mrs. James H. Jackson of Chicago, state Chairman of the Department of Literature and Library of The Illinois Federation of Woman's clubs was the speaker of the afternoon. She chose as her subject the particularly interesting and worthwhile books of study and fiction which are among the "best sellers" of today. She also gave out a list of charming books for children's reading. Fortunately all of these books are listed in our library and so are available to the children of Antioch.

Mrs. Jackson was delighted to know the club had always taken such an active interest in the public library and congratulated the citizens of Antioch for making it a permanent institution through the recent election.

Mrs. Miller, Mrs. Regan and Mrs. Maude Sabin assisted Mrs. Somerville as hostesses.

The next meeting of the club will be held April 2nd, at the home of Mrs. Nason Shibley on Victoria street.

MR. AND MRS. WEBB HOME
FROM HOT SPRINGS

Mr. and Mrs. Chas Webb have returned from Hot Springs, Ark., after a delightful two week's visit there. Mr. Webb arrived home Sunday, while Mrs. Webb stopped in Chicago for a few days visit with their son Emmett, who is a student in the University. Mrs. Webb returned Tuesday.

MRS. BRIGHT AND MRS. SABIN
HOSTESSES TO THIMBLE BEE

The Thimble Bee was entertained at the home of Mrs. L. O. Bright this afternoon with Mrs. Del Sabin as assisting hostess.

This club will meet with Mrs. Nason Shibley next Thursday afternoon at two o'clock.

MR. AND MRS. C. K. ANDERSON
HOME FROM FLORIDA

After a two month's trip through the south including points in Florida and Cuba, Mr. and Mrs. C. K. Anderson are at home and report a very interesting journey in the land of sunshine and flowers. The many hundreds of miles covered by Mr. and Mrs. Anderson were very interesting ones and disclosed several different peoples and interesting modes of living, about which many stories could be related.

Now Vitamin E has been discovered. When they run out of letters for the newly discovered vitamins they will have to begin naming them like Pullman cars,

He announces that he is steering clear of all entangling political alliances. He will have no axe to be ground or no axes to grind for others. Former representative Chas H. Frates, bone dry candidate, is said to be doing very effective work in Lake county in his behalf. He has the endorsement of the dry league and is depending upon the temperance vote to return him to Springfield.

Mayor Frett of McHenry completes the quartet of legislative candidates from McHenry county. The mayor received considerable notoriety last summer because of his activity regarding the Fox river dam. His attitude in being opposed to the building of the dam near Platteville for which the state appropriated \$175,000, will help him along the down river towns, but drew fire from the residents around the lakes in Lake county. However Mr. Frett is campaigning just as though he meant to win, and he must have credit for that.

FATHER OF MRS. LUX DIES
AT HOME IN NEW SALEM

William Dunham, father of Mrs. Charles Lux and Mrs. Robert Wilton of this city died very suddenly at his home in New Salem Thursday evening at 7:30 after a cerebral hemorrhage which occurred about noon of the same day. He was apparently in perfect health when he went out before lunch to finish some work around the yard when he was stricken. Mrs. Lux and Mrs. Wilton left immediately after word was received of his illness but did not reach home before he had passed away. He quickly lapsed into unconsciousness and never awoke from that state.

Mr. Dunham was 68 years old and has many friends in this community who will be grieved to hear of his untimely death. He is survived by his wife, seven daughters and two sons. Funeral services were held Sunday afternoon.

"The Budgie it System"

A young wife operating on the budgie system, entered in the account book the following notations, ham \$5.40; dress \$41.50; G. O. K. \$1.80; G. O. K. \$7.20; G. O. K. \$10.21.

"What is this G. O. K." inquired friend husband, "Oh, that means 'God Only Knows' — I spent the money," "Gee" said hubby, "O. K."

If you haven't started your garden yet, you best get busy now.

There are many old houses in Antioch.

She was only a dentist's daughter, och that could be wonderfully improved. Some slight modern addition might make a more saleable home. We'd be glad talk the matter over with you.

Experience shows that success is due less to ability than to zeal. The winner is he who gives himself to his work, body and soul.

Irate Housewife: "Aren't you the same man I gave a mine pie to last week?" Tramp (bitterly): "No, Mum, I'm not; and wots more the doctors say I never will be again."

Much Prosperity In Illinois Since 1842 Says Dean Thompson

Illinois was poor as a church mouse and didn't even have enough money to buy postage stamps back in 1842. Dean Charles Manfred Thompson, of the College of Commerce, University of Illinois, told members of the Springfield Optimist Club a few days ago. "Illinois has a right to be proud of the fact that its public debt of \$12,000,000 in 1842, and its accrued interest, was not repudiated but eventually paid in full. The equivalent of that debt in these times would be one and one-half billion dollars, according to my estimate," Dean Thompson said.

The educator pointed to Thomas Ford as the man responsible for the payment of the debt. "When Ford became governor in 1842 receipts were \$70,000 annually, outgoing was \$130,000 a year; the treasury was empty and nothing was being paid on the public debt. Our forefathers were taxed and they practiced all sorts of economies."

"Conditions were such that when Ford went to get the state's mail at Springfield post office he had to borrow money to pay the postage, which in those days was not prepaid."

Dean Thompson also described the activities of Abraham Lincoln, then a member of the state legislature, in helping to build Illinois.

One of the interesting features of the news in the past few weeks was the annual celebration of the historic encounter between the Monitor and the Merrimac, March 9, 1862. Several hundred residents of Illinois honored the memory of John Ericsson, inventor of the Monitor, the first armored ironclad fighting machine.

The affair has been held annually for forty years under the auspices of the John Ericsson League, an organization founded to perpetuate the memory of the inventor.

During the thirteen months of his term of office State Treasurer Garrett D. Kinney has credited to the revenue fund, \$1,085,113.82 in interest collected on state funds, according to his monthly report which has just been issued.

The report also shows that there is in the state treasury, \$6,410,268.87 derived from the gasoline tax which will remain there until the legislature acts. In accordance with an opinion from Attorney General Oscar E. Carlstrom

Infantile Paralysis May Be Caused From Weed

A hypothesis that infantile paralysis is caused by poisons found in Jimson weed and transmitted to human beings through the milk of cows which have eaten the weed, was advanced recently by Dr. Marsh Pitman, a St. Louis surgeon.

In a paper which will be published in the Journal of the American Medical Society, Dr. Pitman disclosed investigations prompted by original studies in sleeping sickness. Dr. Pitman stated that milk was suspected as the medium of transmission of infantile paralysis because of its general distribution.

The Executive Committee of the Illinois association of Postmasters has selected Rockford for the annual convention May 24 and 25. Dr. Wm. R. Fletcher of Joliet has been selected as treasurer to succeed former Postmaster Morton of Beardstown. Col. Charles A. Lindbergh has been invited to attend the Rockford convention.

A belated flood relief bill proposing an expenditure of \$210,000,000 and calling upon four federal government departments to do the work, has been submitted to Congress by Representative Rainey of Illinois. The bill would provide \$60,000,000 for navigation and flood control on all streams outside the Mississippi, including Illinois.

Efforts to bring electricity to more people in Illinois — especially the farmers—and its use as a reducer of labor and an increaser of wages were the chief subjects considered and discussed at the annual convention of the state electric association held in Springfield recently.

Each motorist during 1927 used an average of 550.3 gallons of gasoline and traveled an average of 7,347 miles, according to figures just announced by the national headquarters of the American Motorists Association through the automobile club of Illinois.

The averages are based on a total gasoline consumption in the United States amounting to 11,563,190,000 gallons—an increase of 12.4 per cent over the gasoline consumption by the motorists of the country during 1926. Eliminating all re-registration figures, the U. S. Bureau of Public Roads places the total motor vehicle registration as of July 1, 1927 at 20,991,373.

Counties with assets temporarily overbalanced by liabilities and unable to pay their mothers fair gravity, must pay the back installments when they get the money. Attorney General Oscar E. Carlstrom has ruled. While his opinion was in answer to a query from Jasper county where county funds are low, the ruling is equally of the state where finances are in bad shape.

Use For Corn Shucks and Stalks Found

The week and lowly corn stalks and shucks are now coming in for their share of attention. Farmers have become interested recently in using the by-products of the great corn crop. The converting of the stalks into wall board was discussed recently in Springfield by Professor O. H. Sweeney, professor of chemical engineering at Iowa State University, Ames, Iowa. Prof. Sweeney has conducted research that has divulged usage for 300 by-products of cornstalks and cobs. Among the most practical is wall board.

A use for corn shucks has been discovered by a large rubber manufacturing concern. Carefully cleaned, the shucks are placed between two clamped discs and the butts project to form a surface for polishing hard rubber. Experts declare that there is no real substitute for the shucks in this phase of the industry.

Fatal automobile accidents took another upward swing in Illinois last year, according to statistics made public a few days ago by Dr. Isaac H. Hawlings, state health director, who points out that fatalities due to this cause jumped from 1,647 in 1926 to 1,776 in 1927, an unfavorable difference of 129. This fact makes the automobile more dangerous as a cause of death than the great majority of diseases. Indeed this new record puts the gasoline motor well up among the ten most important causes of death.

HEALTH PROMOTION WEEK HAS BEEN ANNOUNCED

Letters announcing Health Promotion Week have brought to the state health department a flood of requests for educational material that demonstrates a jealous determination to keep for Illinois the reputation of being the healthiest big state in the union. Last week more than 100,000 pieces of literature went out to communities in central and southern counties where plans for observing health week during April 1 to 7, the first period, are in progress. Nearly all of the hundred motion picture films and the other exhibit material have been reserved, while speakers have been assigned to fill engagements in many places.

Seniors at the University of Illinois are not to be denied their traditional annual ball.

The council of administration has granted permission for the formal commencement dance, ending a series of ultimatums between the council and the senior class after the council had threatened to forbid the annual ball on charges that there had been ungentlemanly conduct at the senior informal dance last September.

R. B. Miller state forester, recently returned from the national meeting of the American Forestry Association, where damage done to woodlands by grazing was stressed.

About 85 per cent of the farm woodlands of Illinois, Mr. Miller said, are grazed by cattle and hogs, to their lasting damage both to mature trees, young timber and the soil.

Dog Taxes Do Not Pay For All Sheep Claims

In an opinion given to State's Attorney H. E. Fullenwider, Attorney General Oscar E. Carlstrom advises that if there is not enough money in the county's dog tax fund to pay sheep claims the money available should be prorated. Carlstrom ruled that claims cannot be paid in full by drawing warrants in anticipation of the 1927 taxes. The opinion was asked by San Joaquin County Treasurer Ogg, who stated that he has sheep claims for \$4,528.60, with only \$3,000 on hand in dog taxes.

The decision of the state supreme court, holding invalid the two-cent gasoline tax, has been sent to all parts of the United States by Charles W. Vail, clerk of the Supreme Court.

Following the court's decision inquiries began to come in regarding the contents of the opinion and recently formal applications for copies have come from Ohio, Iowa, Pennsylvania, Missouri, and other states. The finding of the court is final so far as the gas tax in Illinois is concerned.

Unpublished Letters By Lincoln Unearthed

More unpublished letters a legal opinion and several other documents in the handwriting of Abraham Lincoln have come into the possession of Emmanuel Hertz of New York City, collector of Lincolniana, who made their contents public several days ago.

The most important document is a letter written by Lincoln from Springfield on December 21, 1860, to Andrew C. Curtin, was governor of Pennsylvania. The letter marked "confidential" follows:

"I am obliged by your kindness in asking my views in advance of preparing your inaugural. I think of nothing proper for me to suggest except a word about this secession and this union movement—on that subject, I think, you would do well to express without passion, threat or appearance of boasting, but, nevertheless, with firmness, the purpose of yourself and your state to maintain union at all hazards."

Visited friends here Friday evening.

FARM AUCTION

There will be an auction at the

farm of Al Pedersen on Thursday,

March 29, located 4 miles east of An-

toch on the Antioch-Zion road and 2

miles south of Pikeville.

A large amount of farm produce,

machinery and stock is offered in-

cluding 2000 bushels of seed oats,

400 bushels of seed potatoes, 500

bushels of seed barley and 150

bushels of seed wheat. Sixty head of

cattle, 8 horses and mules and 10

brood sows are to be sold. A Ford-

son tractor, 4 binders and 9 wagons

are among the articles of machinery.

Mr. Pedersen is a prominent livestock

dealer in this section and his notice

of this auction should draw a large

crowd.

you to know that I am deeply touched
and appreciate what you have done
for me," Stratton said.

Tells of Double Cross

"Several months ago Governor
Small sent for me and said 'we want
you to be a candidate for secretary
of state and told me to get my em-
bodiments. I did so and made all
plans for the campaign."

"The day following the midnight
trip made to Springfield by Thompson
I was told by the governor that instead
of me, Judge Gentzel was to be
on his ticket for secretary of state.
He told me to drop out of the race
and stay as head of the state department
of fish and game conservation and
that some day would make a big
fellow of me."

"But I refused to do so. I had un-
ounced my candidacy and I would
come to Lake county and look you
people in the eye and do the right
thing by you rather than to have the
biggest office in the state."

Asks Support For State

Emmerson, Carlstrom and Glenn are
asking their friends throughout
the state to vote for me for secretary

of state and I want you to vote for
them when you give me the great
majority on April 10."

After words of praise for Mr. Stratton,
Attorney A. V. Smith, toasting

Emmerson is for Stratton
"I want men of the high type of
Stratton Carlstrom and Glenn to be
associated with me in conducting the
government of the state," Emmerson
said. "The office of secretary of
state is a great office, second only to
that of governor."

Past Grands Attend State

I. O. O. F. Meet In Harvard

N. P. Drom, Earl Horton, C. L. Ku-
hl and W. W. Runyard attended a
state meeting of the I. O. O. F. at
Harvard last Saturday. The first three
men named received the Past Grand
degrees and the Grand Lodge degree.
Mr. Runyard has received these de-
grees before. Seventy-seven were
granted degrees, the largest class of
the year.

Boy's

Two Pants Suits

\$12.50

With a suit having two pairs
of pants, a boy can use one
pair for everyday wear, the
other pair for dress-up time.
The coat never does get the
hard wear the pants get, so it
will serve for both times. Low
in price, too, quality consid-
ered.
